

“With the holiday season in full swing I thought it would be the perfect time to send an update on Bella. She joined our family on March 4, 2014.

Bella continues to live life to the fullest! We are so grateful to have found her. We continue to shower her with love. She doesn’t ask for much. When we first adopted Bella she was a bit of a runner, however over the years she became so attached that we cannot go anywhere without her. (And that’s perfectly fine with us.)

This year has been very difficult for our family. If you are reading this and considering adoption I would like to assure you that there may come a time when you will actually need them more than they need you. Our Bella has provided so much unconditional love and comfort and we are so grateful to have her.

For 2025, we wish for perfect matches and forever homes for the those that find themselves in need of shelter. We also wish the Board of Directors, staff and volunteers health and happiness as they continue to work tirelessly to make a difference! And for those who choose to rescue/adopt we hope your lives are changed forever.”
