

Boscoe was adopted from the Sault Ste. Marie Humane Society in 2005. He was 8 years old. Over that time he's enjoyed the beach every summer and a 2.5 mile walk in to camp. He's very loving and very social. Aside from that he loves raw beef leg bones & homemade cookies. He is now 19.5 years old and has slowed down a bit, but still runs around the yard & he loves to wrestle. When you adopt a pet they are forever faithful and you can see it in their eyes. Thank you once again, he truly is a gift.
