

We want to thank SSM Humane Society for allowing Copper to be a member of our family. He has filled our lives with so much joy. We had never had a dog before but had always loved the idea. We had just bought a new home and were eager to see some paw prints in the yard. We first met Copper in January 2020. I was drawn to him immediately. He knew basic commands like sit and shake a paw. He was the only dog in the shelter that wasn't barking. He had such a loveable face and floppy ears. We brought him out for walks, but feared getting too attached, we didn't want to get our hopes up. I had brought my nephews in to meet him, as we wanted to see how he was with kids. He loved them as much as they loved him. On Feb 1st we got the most amazing news. Copper was ours! We had to wait until the 21st for him to get neutered, we dreaded the long wait, luckily the shelter was able to bump up his appointment and we were able to take him home on Feb 5. Copper is the most amazing dog. He is very smart, picks up tricks immediately. He is loving, protective, and very energetic. He loves playing fetch, tug and learn new tricks. He is a very sociable dog, loves to meet new people and other dogs! His favourite place is camp. I could never imagine my life without a dog. Especially Copper. We really lucked out with him. He has changed our lives forever!
