

I just wanted to email you guys to let you know how well Felixx (smash) has been fitting into our family. We have 3 children and two dogs and now our wonderful addition of Felixx. He gets a lot of attention from the kids and dogs and is LOVING it! From the first day he has felt at home and has been kind to us all! Just a little update from our family with our wonderful new addition to your's at the Humane Society!
