

We adopted Holly (dog) from the Humane Society in December of 2012. We wanted a friend for our 7 month old Golden Retriever. I saw 'Dolly' on the website, and I thought to myself 'she looks like a black Golden'.....so we went to visit. Best idea we ever had. I knew right away we were going to take her home. We weren't fond of the name Dolly but wanted to call her something similar, and it was close to Christmas time, so, Holly it was. She is the best dog. Never a problem, always happy, obedient, and so loving. She took some time to learn to walk on a leash, but we had lots of practice as she loves walkies. Now she spends lots of time at the dog park running and playing happily with other dogs. I could attach dozens of pictures of Hols (her nickname) and it was really hard to choose just a few. She is always just so happy.

We also adopted our kitten (now 5) Chloe in September 2011. Another excellent decision. Such a good cat, also very loving. Loves her daddy for sure. Chloe is my 'bug girl'....always taking care of the pests if they get indoors. She gets along well with our other 2 cats, Tyler and Simon. Chloe's nickname is Mini because she is so small, but she makes up for it with her big personality!

We love all our animals...we currently have 2 dogs, 3 cats. Sadly our 17 year old cat Baba passed away this past summer. Life is messy, dirty and furry, but we wouldn't have it any other way.

Sincerely,

Wayne and Debbie K.
