

We adopted Wicket (Tee Tee) in April 2020 during lockdown of COVID-19. I saw a video on your website of her playing fetch and thought she was so cool!! We brought her home and she fit right in. She made friends with our other cat and dog.....even gets along with our chickens. Her favorite time of day is when I wake up the kids for school. She loves following us on trails in the backyard, playing fetch and when we come home with new toys for her. Her favorite toy to play with is a pipe cleaner. She has many nicknames.....Wik, Wiki, Pickle Wik and Wild Beast. Wicket makes us laugh/smile everyday. We hit the jackpot with her, she is so much fun. We just love her so much!!
