

We adopted a kitty on Oct. 2nd 2015. Her name was Starlett, we renamed her Zirabith. I just wanted to say thank-you. She is absolutely lovely, and has warmed up to us so much. She has been the perfect addition to our family. She was shy at first, but now she comes to sleep with us, is very playful. We have a bean bag chair for our son, and she loves it. She is healthy and doing well. If anyone remembers her, this is her happy, at home. ☐
